Green Worldwide Shipping plants a tree for each  
and every single shipment we handle -  
because that's **the green way!**

Green Worldwide Shipping's planting partner Trees for the Future (TREES) is an international development 501(c)(3) non-profit organization that meets a triple bottom line standard. Through their Forest Garden Approach, Trees for the Future trains farmers to plant and manage Forest Gardens that sustainably feed families, raise incomes by 400 percent, and end deforestation. Since 1989, TREES has planted over 150 million trees. For more information, visit <https://trees.org>
